

On a moun-tain stands a la-dy, Who she is I do not know.

All shewants is gold and sil-ver, All she wants is ice-cream cones,

So jump out my (name)___ And jump in my (name.)___

Game 1: All the students hold hands in a circle; one player stands alone in the center. While singing the song, the circle walks around as the center player prances about in the middle. At measure 5 at the place marked "name" everyone sings the name of the center player. At Measure 6, at the place marked "name" the center player must sing the name of someone in the circle. That person then becomes the next player in the middle, and the first center player joins the circle.

Game 2: One long rope, two turners. Each player takes a turn jumping in and remaining as a jumper in the circle of the rope until a mistake is made. Each person keeps score of their number of jumps. Two may jump at the same time if the rope is long enough.
